

International Driving Permit Application Form

International driving permits (IDPs) enable the holders of valid Jersey driving licences to drive private motor vehicles in other jurisdictions. Jersey is the signatory to three conventions, and the jurisdictions which are co-signatories must recognise IDPs issued by Jersey.

If you are the holder of a valid Jersey driving licence and are planning to drive overseas:

1. Check which IDPs you will require (the requirements for each jurisdiction are listed on the second page of this form).
2. Complete the form below, ticking all the IDPs that you will require.

3. Either:

- a. Go to your parish hall, with one recent passport-sized photo, signed on the back, for each IDP you require.
- or
- b. Post this form, with one recent passport-sized photo, signed on the back, for each IDP you require, and a cheque, payable to your parish (The Parish of ...) for the total due. Do not send cash by post.

4. Your IDP(s) can be collected from your parish hall, or will be posted to the address to which your driving licence is registered.

IMPORTANT NOTES FOR IDP(S)

Whilst every effort has been made to ensure that all prices and information is correct the Connétables can accept no liability for the accuracy of the information below. If you have further queries or the country you are traveling to is not listed below you could check with the authorities of that country or consult a motoring organisation such as the AA or RAC.

1. The advice from Driver and Vehicle Standards [DVS] is that a Jersey licence is generally sufficient for Australia, New Zealand, Canada, South Africa and the USA. The International Driving Permit [IDP] is recognised internationally and it normally allows the holder to drive a private motor vehicle without further formality when accompanied by a valid Jersey driving licence [see notes 4 and 5 below].

2. The Connétables are authorised to issue IDPs to applicants who hold valid Jersey driving licences. An International Driving Permit [IDP] is valid for periods

outlined on the first page of this form, but applications cannot be made more than 3 months in advance from the date which the permit should be valid. An IDP may be post-dated up to 3 months in advance but under no circumstances can it be backdated. IDPs cannot be issued to holders of Jersey provisional licences.

3. Should more than one permit be required, please include a photograph for each and fees for each permit requested with your application [e.g. 2 x £10]. No more than one permit of each type may be issued to an applicant.

4. Persons going to a country for longer than 3 months, to take up residence or employment, or for any reason other than tourism, should make enquiries about their personal position before relying on a permit. Remember, it is an offence to drive a vehicle without a valid driving licence and, where required, a permit.

5. It is important to check the accuracy of the personal information printed on your driving licence. If there are any errors or you have a change of name or address, you should immediately notify the authority that issued your licence. You must sign your IDP as soon as you receive it.

6. An IDP issued in Jersey is not valid for use in Jersey.

7. When hiring a car overseas remember that driving licence requirements worldwide do vary. Although many hire companies need only to see your Jersey driving licence, some will require an IDP and others a locally issued temporary licence. Therefore, if you are making an advanced reservation, ask the company concerned to confirm driving licence requirements of the country to be visited. In the absence of such information consider an IDP as a precautionary measure. Hire companies also have varying minimum/maximum rental age limits and generally require you to have held your national driving licence for a minimum of 12 months.

(This list is for guidance only and you should check the requirement for an IDP with the authorities of the country you are visiting. You can also check the requirements for an IDP through the UK Post Office website at www.postoffice.co.uk)

KEY

A – Required for car hire.

C – IDP recommended. Temporary local licence may be obtained on production of driving licence, but this may be time consuming and more expensive.

D – Licences that do not incorporate a photograph must be accompanied by an IDP.

E – IDP is recommended.

F – All valid Jersey driving licences should be accepted. Acceptance of driving licences that are not of the European Community's model cannot be guaranteed therefore drivers may wish to voluntarily update them before travelling abroad, if time permits. Alternatively, older licences may be accompanied by an IDP.

I – Driving licences valid for 90 days.

J – IDP recommended as, in the event of an accident, some insurance companies will insist on seeing one.

Additionally, those licences which do not incorporate a photograph need to be accompanied by photographic proof of identity.

L – An IDP is compulsory for holders of driving licences not incorporating a photograph and also recommended for photocard licence holders.

N – IDP must be accompanied by a recognition permit available for a small fee from the AA of Sri Lanka in Colombo.

Q – For stays longer than 30 days.

R – USA (Florida) compulsory IDP – 1 January 2013

A law was introduced in Florida, USA, on 1 January 2013 requiring all persons who hold a licence issued outside of the US to carry an International Driving Permit along with their national driving licence.

The Governor of Florida **repealed this law on 2 April 2013**, however, **car hire companies and insurance companies can impose their own terms and conditions** so you should check with your intended hire/insurance company prior to travel or **obtain an IDP as a precautionary measure**.
