March 2018

Dear Friends and Supporters

Spring has finally arrived and we are delighted that work is now ready to commence on our 60th exhibit. There is much to do but we know that the whole team will get behind our amazing design and ensure that this year's entry; Into The Woods will be our best yet. We look forward to sharing the completed design with you at our forthcoming events. 2018 has got off to an excellent start. We have secured the use of the St. Peter's shed for building the float and the chassis will be moving there this month. Many thanks to our Connetable Len Norman and Connetable John Refault for making this happen. Once there, the building team can start putting together the frame while hares'tailing and detailed work will continue at The Glen until July. We are also excited to announce that we will be entering a junior float alongside the main entry this year. If you know any families who will be interested, please encourage them to get in touch.

We have a busy time ahead and really will appreciate any support you can offer with fundraising, working on the exhibit and coming along to our various events. *The Committee*

How can you help?
