For the account of The Parish of St Clément

For your payment to be identified and applied correctly, it is essential that you quote your name and ratepayer reference number i.e. A Ratepayer 12345.

The amount and frequency of your payment is your choice. When your demand is issued, it will advise how much we have collected from you and if there is a shortfall that will not automatically be met by the deadline (3 months after the date of the demand) you can clear it by sending additional monies.

In accordance with the Rates (Jersey) 2005 Law any balance not paid by the deadline will have a 10% surcharge automatically applied.

Once your demand has been cleared any money received would be held towards the next year.
